

8th February 2016

Dear Parents,

Practice Walk – Exmoor challenge

We will be starting our series of walks after half-term, with a walk on Sunday afternoon (25th February). We will be meeting in the school playground and plan to leave promptly at 1:30 pm. The intention is to walk starting from school on a route of about 5½ miles, so we aim to return to school for about 3:30pm.

I am awaiting confirmation of our entries, but hope to have 3 teams entered this year. The Exmoor Challenge is about the children showing they can work together as a team and be supportive of one another. If we end up with more children than there are spaces for on the teams, then during the practice walks I will be looking out for children who demonstrate these skills, along with good listening, following instructions and determination.

Given the wet weather of late it is important the children have appropriate footwear.

Attached to this letter is a plan for all walks over the coming few weeks, these could be subject to change due to the weather but I hope not. As with previous years we will be joining with pupils, staff and parents from Sidmouth College. Please could you either complete the slip below and return to school or email exmoorc@newton-poppleford.devon.sch.uk to confirm, so I have an idea of numbers. All adults are welcome to join us as well as friendly dogs.

Many Thanks
